Four Men Confess To Robbing Brewster's Store; Arrested In Pass

Observations... By UDELL

Tuesday morning, September 23, W. R. Burris, Director of Physical Education for Handicapped Children met with Superintendent S. J. Ingram and E. E. Breland, County Superintendent of Education and an advisory group consisting of Dr. C. M. Shipp, County Health Officer, Mrs. Paul Miller, Commissioner Cyril Glover, Miss Loyette Webb, R. E. A. Hoine Economist, and Mrs. Norton Haas, County Welfare Department, to discuss plans for starting a class for handicapped children as part of the Bay St. Louis Public School System. . . . This program is to be sponsored jointly by the Bay St. Louis Public Schools and the Hancock County Public School system. . . . Eighteen applications for admission to these classes have been made and within a few days a committee selected by the State Department of Education, consisting of medical doctors, psychologists, dentists and child guidance directors will come to Bay St. Louis for a complete examination of this group of children to determine which applications should be selected for the beginning of this class. . . . These pupils will be given their regular classroom work each day in addition to special instruction for the handicapped child. . . . It is hoped that this screening of pupils may be completed at an early date and classes may be opened within a short time. . . . This is truly a wonderful step started by Professor Ingram to aid the children in Bay St. Louis who are handicapped and are thereby deprived of an education. . . . With these special classes, the teacher will be able to devote more time to these children which they would not ordinarily receive in a regular classroom. . . . Interested parents may secure additional information from Superintendent Ingram or Superintendent E. E. Breland. . . .

The St. Joseph Academy Mothers Club will sponsor their annual spaghetti supper at the K. C. Hall October 29. . . . Get your ticket now for a treat. . . .

There should be some law regulating owners of bicycles to use lights or reflectors at night. . . . It is really dangerous when they ride along a dark street—an automobile driver can hardly see them. . . . It is not only dangerous for the bike riders, but also for the other drivers. An accident could be caused by trying to miss someone on a bike. . . .

Mrs. Paul Miller Addresses PTA

Mrs. Paul Miller was guest speaker at the Christ Church Parish P.T.A. meeting held last Thursday afternoon at the school. Mrs. Miller presented the aims and objects of the P.T.A. as outlined by the national organization. . . .

Improving the Welfare of our Children at Home and at School will be the theme for all the programs during the year. Mrs. Sam Whitfield, program chairman, announced the tentative program for the year. . . .

Helping to carry out the theme of the first "Get Acquainted" meeting, Mrs. J. K. Larsen, chairman of the hospitality committee, presented each member and teacher with a name tag. Newly-elected officers were in charge of refreshments after the business meeting was adjourned. . . .

The next regular meeting will be held Tuesday evening, October 14 at Bay High Auditorium together with the Bay High P.T.A., where a film will be shown covering Girl Scout work. Mrs. Don Chamberlain will be in charge of the film. This meeting will be held in place of the usual monthly meeting held every third Thursday. After the film, members of the respective schools will adjourn for a short business meeting. . . .

C Of C Reports At Coast Meet

The Coast Council Chambers of Commerce met Wednesday night at hotel Markham with Gulfport as host. . . .

Eighteen representatives were present from member organizations, giving current reports on activities in each community. . . .

T. T. Robin, representing this Chamber, stated that Bay St. Louis is planning a new junior high school and private school building. He also reported that considerable progress on the Bay bridge has been noted. . . .

Gulfport reported on its school expansion program and the progress of its \$3,000,000 sewerage system. . . .

Other members attending from the Hancock County Chamber of Commerce were A. H. Gregory, president, and Howard Lettissier. . . .

To Explain Voting Procedure, LWV

Walter James Phillips, local attorney, will be guest speaker at a meeting of the League of Women Voters Thursday, September 25, at 8:00 p. m., at the home of Mrs. Al Landers at 320 Coleman avenue, Waveland. . . .

An unusual number of requests for an explanation of the operation of the Electoral College prompted the executive board of the League to plan a program whereby the members of the League and their guests could be enlightened as to the technicalities of the procedure. . . .

Phillips will be prepared to answer questions in an endeavor to help any prospective voter to a clearer understanding on the subject. The evening will be an excellent opportunity for all prospective voters to take advantage. All members are urged to make an effort to be present at the meeting. . . .

County Health To Plan Syphilis Control Program

Dr. C. M. Shipp, county health officer, stated today that in order to locate and control syphilis in Hancock County, the county health department will begin a survey of the Mississippi State Board of Health, will begin a mass venereal disease program. . . .

Plans are already under way to conduct the survey which was carried out and proven successful in 15 Mississippi Counties. . . .

All residents in the county regardless of age, are entitled to a free blood test to be given at mobile clinics which will be set up at various points throughout the county. . . .

Before the actual blood testing begins, educational meetings will be held in various community locations at night so that all persons will have an opportunity to attend and see films dealing with the dangers, diagnosis and treatment of syphilis. . . .

After the blood tests have been taken, they will be sent to the State Laboratory in Jackson for examination. Persons whose blood samples reveal the presence of syphilis will be notified by the county health department, and they will be free to take treatment either by their personal physician or by the health department. . . .

If the patient decides to take treatment from the health department, he will be sent to the Prevention and Control Center at Hattiesburg, Mississippi, for one day. During the day, he will be given a thorough examination, diagnosed and started on treatment of necessary. . . .

Those patients requiring treatment will finish it at the health department, at no cost to them. This new method of treatment eliminates the need for the patient to be hospitalized and therefore be absent from his job for more than one day. Transportation will be furnished to and from the Prevention and Control Center free of charge. . . .

The survey team moved into Hancock County, Monday, September 22, for the purpose of scheduling night educational meetings and blood testing clinics. Actual blood testing will probably begin next week. Members of the complete survey team will include Dr. C. M. Shipp, county health officer, Julius Alsobrooks, advisory coordinator in health services, James Watson, Mitchell

Sunday, September 14, Brewster's Jewelry Store in Waveland was entered into and a large amount of jewelry was stolen. . . .

This week, with the arrest of five men, four of whom confessed verbally to the burglary of Brewster's, Mobile County officers stated, a Gulf Coast theft ring was believed broken. . . .

Four of the men were jailed at Ernest Dixon, 21; Grady Holten, Ernest Dixon, 21; Grady Holten, 32; Thomas Lambert, 25; and charged with burglaries at Waveland and Pass Christian. . . .

Held in the Mobile County Jail on burglary charges is Donald C. Williams, 20. . . .

Deputy Sheriff G. R. Jackson of Mobile said the five men are believed to have stolen merchandise and money amounting to at least \$2800 in the past year and a half. Most of the loot was believed to have been disposed of in New Orleans. . . .

The deputy sheriff said a tip-off to the ring came last Tuesday when Pass Christian police caught four of the five breaking into George Fava's establishment there. . . .

The four men are still under the process of investigation, while lodged in the Harrison County jail, for the burglarizing of two Pass Christian establishments on the morning of September 16. . . .

After being surprised in the Fava establishment, they attempted to flee, but one was apprehended by Officer Poyadour. The other three attempted to get away in a 1952 Ford, but surrendered after short chase during which Officer John Steube fired at the auto with a riot gun. . . .

The Mobile County officer said Davis, Lambert, Holten and Dixon confessed verbally to burglary of the Waveland store. . . .

According to Hancock County Sheriff John A. Egloff, a gold knife and jewelry boxes, later identified by the owner of Brewster's Jewelry Store, were found in the automobile. . . .

Templers Band Stays at Hotel

The St. Bernard Command Band of Chicago, Ill., which is the Knight Templars band attending the convention in New Orleans, has made Bay St. Louis its headquarters during the meeting. . . .

The band, which stayed at Hotel Reed, entertained Dr. Emmett L. Irwin's guests at the unveiling of the picture of his home, Darwood-on-the-Jordan, which will remain in the hotel, Tuesday evening. . . .

They also played at the Rotary meeting Wednesday at which time the new reconstituted was presented to the King's Daughters Hospital, and Dr. C. M. Shipp addressed the group on health statistics in Hancock County. . . .

Wednesday, Mr. and Mrs. Ben Hill took the members of the 16-Piece band on a boat ride up Jourdan River to Dr. Irwin's home. . . .

W. J. Gex Named V.P. Of A. A. S. B. I.

Walter J. Gex Jr., of the Firm of Gex and Gex attorneys, was named Regional Vice-President of the American Association of Small Business, A. H. Johness, president, announced. . . .

The resolution of the nominating committee was approved by the National Board of Directors without a dissenting vote. . . .

C Of C Sponsors Rice Growing Promotion for Hancock County

While it probably is not generally known, one of the projects sponsored by the Hancock County Chamber of Commerce for the past five years was the promotion of the rice growing industry in the area. . . .

A great deal of effort has been put forth and interest created among the rice planters of south-west Louisiana, many of whom are desirous of moving to a new territory where the surrounding average is more or less flat and where artesian wells for irrigation purposes at shallow depths are a known fact. . . .

The problem that has confronted the Chamber of Commerce, heretofore has been blocking up a suitable number of acres, that would induce the planters to move to this vicinity, build the necessary dryers, warehouses, etc., that accompany this type of business. It must also be understood that along with growing rice, the live stock industry, while secondary to the rice business, is a big business in itself. . . .

For instance, sales of fertilizers, all kinds of livestock feed and pumping equipment of all kinds to fit the individual needs of the rice grower, will increase. . . .

Among the many interested parties in making this territory a rice growing area, people from Louisiana and Texas, particularly Fred de la Houssaye of Crowley, Louisiana, is in the city at this time, trying to secure a small amount of acreage to start a rice farm. He is of the opinion that if he can get the necessary acreage to start planting this year, Hancock County has a better possibility of becoming the rice center of Mississippi, than around Greenville, where some 10 thousand acres are now planted to rice each year. . . .

This is really a worthy project and the officers of the Chamber of Commerce are all behind it. One hundred percent of all their belief that if we can take off one crop of rice, the news will spread and there will be more rice growers wanting to locate in Hancock County every year, until all available land, suitable for rice growing, will be taken up. . . .

The officers of the Chamber of Commerce, propose to carry on until this becomes a fact. . . .

Bay Tigers to Play First '52 Game

The 1952 edition of the Bay High Tigers will open their current grid campaign on September 28 at Long Beach, Miss., against the Long Beach Bear Cats. First home game will be Friday, October 3, against Pass Christian Pirates, to be played under the lights at Stanislaus Stadium. . . .

Information on the Tigers camp is that Coach Bennie Ray Nobles will have only a small nucleus of veterans around which to build the starting line. Returning letter men Herman Polillon, Penny Cole, Robert Breland, Grannison Selmer, Donald Peterson, Marion Door, and Mike Murphy. Several of these may not be in the starting line because of injuries or being replaced by hard-working squadmen. The most experienced man on the team is Herman Polillon who will play his fourth year of varsity ball this season. . . .

Among squadmen showing up well and expected to see plenty of action are Billy James, Hugo Favre, Roland Landers, Bill Corr, Malcolm Moreau, Terrell Randolph, Charles Tartavouille, Ray Dawsey, Donald Cole, Charles Scallie, Charles Bing, Ray Smith, Larry Smith and John Door. . . .

The first meeting of the Bay High Boosters Club will be held Tuesday, September 30, at 7:45 p. m. at the Bay High lunchroom. All supporters of the team, alumni, and interested persons are requested to attend. Refreshments will be served and election of officers for the coming year will be held. . . .

Local Resident Victim Of Robbers

A Long Beach resident was taken into custody Monday night by Harrison County Sheriff's deputies in connection with the investigation of an alleged assault and robbery of J. E. Casanova, 313 deMontuzin avenue, Bay St. Louis, on U. S. Highway 49 in North Gulfport. . . .

Sheriff Deputy Mark M. Broadus identified the man being questioned as Lee Cross, Burke avenue. Casanova told officers he was assaulted and robbed of approximately \$240 and a wrist watch. . . .

He told deputies he parked in North Gulfport when another automobile drove up, occupied by four men. He reported one of the men, who Broadus said Casanova later identified as Cross, claimed Casanova owed him \$5 and demanded payment. Casanova denied even knowing the man. . . .

Casanova stated that after he had gotten back into his automobile, the man entered his car and attacked him. Another occupant of the second car, not further identified by officers, separated the men telling his companion he did not want to be involved in any trouble, Broadus said. . . .

Investigating officers are Deputies Broadus, Jay Green and Jim Young. . . .

Brother Of Local Residents Expires

Albert Michael Seuzeneau, brother of John and George Seuzeneau of Bay St. Louis, died at his residence, 3209 Frenchman street, New Orleans, Friday September 19, at 1:20 a. m. . . .

The husband of the late Elodie Baudier, he was 84 years of age. He was a native of New Orleans. . . .

Funeral services were held Saturday, September 20, at 9:30 a. m. from the Jacob Schoen Funeral Home with Requiem Low Mass at St. Leo the Great church. Burial was in Hope Mausoleum. . . .

In addition to his brothers he is survived by the following nieces and nephews: Arthur Baudier, Mrs. Andre Traviak, Mrs. J. P. Pence, Jefferson, Onezephore, Albert, Martin and J. S. Blanchard and Mrs. Edna McLeod. . . .

Entertain Veterans

The American Legion Auxiliary and the W. B. A. Auxiliary entertained jointly for 27 veterans from the Gulfport hospital. The party was held at the Home Tuesday evening. These entertainments are conducted through the American Cross Volunteer Service. . . .

Two Louisiana law officers were charged with alleged beating of a man who asked for a speeding fine. Warrants were issued against them in St. Louis Friday. . . .

Town Marshal Willie Ford, Pearl River, La., was charged with assault and battery, intent to kill and murder. Sheriff Jack Graddick, many Parish, La., is charged with accessory before the fact and allowing a felony to be committed in his presence. . . .

These charges were filed according to Sheriff John A. Egloff by Lloyd Harris, owner of Dixie Highway Express, Meridian, and brother-in-law, Joe E. Harris, who reportedly beaten and killed a man from a brain concussion. . . .

According to reports, Harris and Graddick chased a man in a 30-mile zone in the town of Pearl River, located in St. many Parish. . . .

After crossing the line into Hancock County, it was reported that the officers halted the man and allegedly demanded \$50 from Joe Harris, the driver. . . .

They were reported to have charged him with exceeding the speed limit in Pearl River, La. This \$50, according to the affidavit, was paid and Harris was given a receipt. Crawford is charged to have replied, "This money is sufficient receipt," and Harris. . . .

There were reported to have been two men in the truck with Harris and they were ordered back to Pearl River. . . .

The incident, Sheriff Egloff stated, took place last Monday night in the Santa Rosa section of the Aaron Academy community in Hancock County. . . .

The warrants, he added, were delivered to the sheriff by the win of St. Tammany Parish, are signing bonds, he stated, and have waived a preliminary hearing. The case will go before the grand jury. . . .

Harris was reported to have been held in jail in Pearl River, La., where Sheriff Egloff said, he collapsed. He was removed by ambulance to a Meridian hospital where his condition is said to be serious. . . .

Urge Farmers To List All Needs For Conservation

Looking ahead to the time when the local PMA community committee will take the farm, every farmer of Hancock County is urged to be thinking about the most urgent conservation needs of his farm and how he may use the assistance of the Agricultural Conservation Program to meet these needs. The suggestion comes from Pittsburg Lee, chairman of the PMA County Committee. . . .

Chairman Lee points out that the community committee will be prepared to go over the farm with the farmer to help determine what is needed most to conserve and build up the productivity of the land. If each farmer will make a careful check while on the land or while they are being harvested, it will help him determine what conservation practices are most needed. . . .

The chairman suggests that the condition of growing crops serves as an indicator of the condition of the soil. Poor growth on sloping portions of fields may indicate that erosion or counter farming are needed to reduce the run-off. Even if the moisture held back may be used to carry a crop over a dry period. An inspection at this time may indicate that a hill should be seeded to grass and legumes as a permanent protection to the land. . . .

In deciding on the conservation practices most urgently needed, the use for which the land is suited should be given consideration. . . .

Miss Audrey Poolson Becomes Bride Of O. J. Mader Jr. Saturday

Our Lady of the Gulf Catholic church was the scene of the wedding of Miss Audrey Theresa Poolson, daughter of Mr. and Mrs. Charles Poolson Sr., of this city, to Oliver Joseph Mader Jr., son of Mr. and Mrs. Mader Sr., of New Orleans, Saturday, September 20, at 11:00 a. m.

The double ring ceremony was performed by Rev. Father Edward P. Desmond, presiding the Nuptial Mass. The altar was flanked with white chrysanthemums, gladiolus and ferns with tall baskets of the same flowers lower part of the altar.

During the Mass Scotty Assenheimer sang "Ave Maria," "Panis Angelicus," and "O Lord I am Not Worthy," accompanied at the organ by Professor J. Hammersbach.

Entering on the arm of her father, the bride was attired in a candlelight slipper gown made with a yoke of illusion applied in chantilly lace and embroidered

lined in taffeta leaves. The maid of honor carried a bouquet of yellow roses, and the bridesmaids carried bouquets of yellow roses and variegated foliage with tulleman ribbon.

Harold Mader served his brother as best man; groomsmen were Roger Dey and Ashton Mader, brother of the bridegroom, of New Orleans; and Charles Poolson Jr., brother of the bride, of Bay St. Louis. Ushers were Beverly Bahan and Harvey Colomb of New Orleans.

Following the ceremony, a reception was held at the Knights of Columbus Hall where the bride's table, covered with an imported cutwork Irish linen cloth bordered with imported lace, was centered with a four-tiered cake surrounded by daisies and fern.

They were assisted in receiving by Mrs. Poolson, who wore a tan lace dress with a small brown velvet hat, brown accessories and a white orchid corsage; and Mrs. Mader, who was attired in a sapphire blue lace dress, wide brim black velvet hat, brown accessories and white orchid corsage.

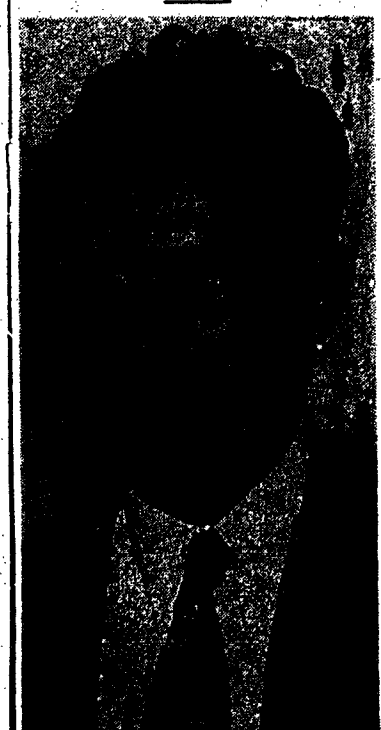

The couple left on a short honeymoon trip to Florida. For traveling the bride wore a blizzard blue faille suit with a cloud felt hat, navy accessories and an orchid corsage.

A graduate of St. Joseph Academy in the class of 1946, the bride was graduated from Hotel Dieu School of Nursing in 1949 and has been employed at the Veterans' Administration hospital in New Orleans.

Mr. Mader, a graduate of St. Aloysius high school, New Orleans, was employed by Inner-Communication System. He is currently serving in the U. S. Navy, Electronics division.

Out-of-town guests were Messrs. and Mesdames Malcom Bule, H. Estopinal and son, S. Graves, J. Messina, J. Probst, J. Boh, P. L. Grossman, Rene Desosses and daughter, Gabe Grass, E. Cousin, O. W. Bensel and daughter, Allen Colomb, D. Block, T. Dubos, E. Fitzpatrick, William Killeen, Francis Shubert, all of New Orleans and Mrs. Ennis Johnson and family of Gulfport.

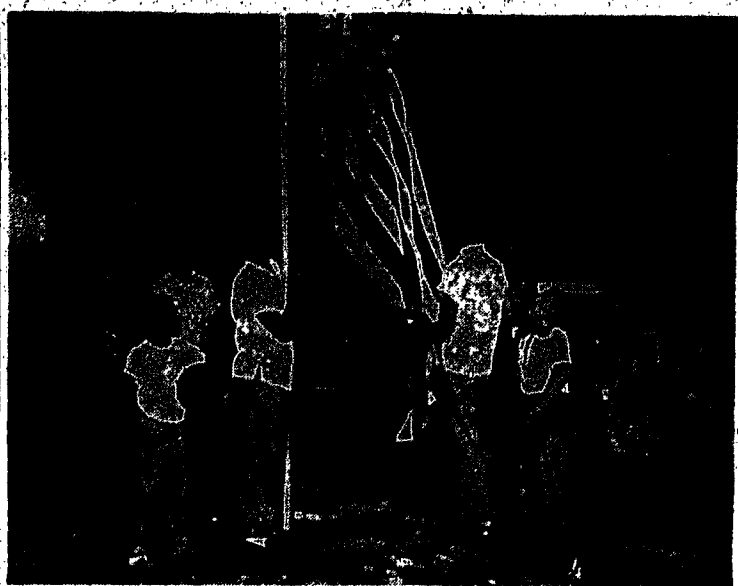

Assumes Duties With Gridsters

As announced by Brother Celsus last week, Mr. Henry Helm has been appointed assistant coach and teacher at St. Stanislaus.

Coach Helm is a graduate of Holy Cross High School and Tulane University of New Orleans, comes to St. Stanislaus from the head coaching position at De LaSalle for two and a half years. His football and basketball teams finished with enviable records. In 1951 his basketball team finished first and his football squad second in metro-league competition. Prior to being head coach at De LaSalle, he was assistant coach at St. John's of Shreveport, La. Coach Helm is a welcome addition to both our coaching and teaching staffs.

Pension Vs. Assistance

J. A. Thigpen, Commissioner, State Department of Public Welfare, as I go about over the State I am confronted almost everywhere with the query, "I am 65 years old, why can't I get a pension?"

There is no such thing as an Old Pension Program administered by this Department. Being 65 years of age does not qualify a person for assistance any more than being 85 years old would. Being 65 years old is only the general admission ticket to the place to qualify for an examination to show the need for assistance, and by no means does it entitle a person to assistance. No one under 65 years of age is allowed to apply. Being 65 years of age allows a person to apply but under no circumstances does it entitle a person to help from this Department.

When a person 65 years old applies for assistance a budget of need is filled out. All income from every source is then deducted and if the need shown by this budget is greater than the income, the income is deducted and the remainder is the budgetary deficit. Every person who makes application and shows a budgetary deficit gets a grant based on the same percentage of his budgetary deficit. If his need is equalled by his income, then he is not entitled to help from us, no matter how old he is.

In order to give help to those most in need, our regulations require that the children making over a certain amount are held responsible for their parents support up to one-half of the amount of money they make over the amount allowed by our income scale. For instance, a person with four in the family, who is making a salary of \$350 per month has \$50 over the amount allowed for his family's living. This means he is supposed to give support of \$25 per month to a needy parent or parents. This \$25 a month is then deducted as income from the budgetary need and a percentage of the remainder is all we can give his parents.

The regulations require that BEFORE we can give assistance we must have a report of income from the children. In many instances children are holding up their parents' check because they fail to fill out forms and return them to us. It may be that we cannot give their parents assistance because of their income shown on the form, but it is impossible for us to give assistance if every one of the children does not return the forms sent them. We do not like these forms any more than the children do, but we cannot put the money out

State Hospital Needs Books For Patients

The patients' library at the State Hospital in Whitfield is badly in need of books. Dr. W. L. Jaquith, Director, said today that the expanded recreation program included an up-to-date patients' library, but there wasn't sufficient money in the budget to purchase the books at this time.

Dr. Jaquith said, "We have about two hundred patients daily in our library who get a great deal of pleasure out of reading. In addition to this, we send books to the wards and there isn't enough to go around. The patients and the staff will greatly appreciate the books and magazines you have finished reading. Just send them to the Director of Recreation, State Hospital, Whitfield, and you can be sure that they will be enjoyed."

According to Dr. Jaquith the institution can always use family-type magazines such as Life, Look, Saturday Evening Post, Colliers, etc. The library is set up for about 5,000 volumes and at present has only about 1,500. The hospital has approximately one hundred magazines a week coming to the library, but many patients who enjoy this type of recreation are unable to come to the library and the current supply is literally worn out by handling because they have to be transferred from ward to ward.

To those who have books and magazines, it would be a real service if you will please forward them to the institution at Whitfield.

until we have ALL forms from ALL of the children.

People are put on this assistance roll because they qualify under the regulations, and they are put off because they do not qualify. The Board of Supervisors appoints the members of the County Welfare Board for a term of four years. After that the Board of Supervisors has no authority to do anything connected with this program, unless the county appropriates money for special assistance over and above our assistance. The Welfare Board checks the application to see if all the policies have been complied with. If the policies have been followed and there is a deficit, the Welfare Board approves the grant. If there is no deficit then the Board has to deny the application. The Board of Supervisors cannot get you on the welfare roll or get you off. The Welfare Board cannot get you on unless your budget shows a need. This program is ASSISTANCE, not

Plan Field Day For Coast Counties

Plans were made for the annual South Mississippi Forestry Field Day to be held October 16, 1952, at the September meeting of the Harrison County Agricultural Coordinating Council. T. F. McGehee, chairman of the Coordinating Council, announced that the Field Day and barbecue would be again this year at the Harrison Experimental Forest, 7 miles east of Saucier on Highway 55. County Agent Duff Asher will be master of ceremonies and is a member of the arrangements committee. He said he expected a larger crowd than last year when over 600 farmers, landowners and others interested in forestry attended.

Robert M. Allen, Southern Forestry Experiment Station, is in charge of the morning field trips this year and plans to have demonstrations of proper thinning of pulpwood stands, good nautical practices, how to prevent building decay, how to control termites and bark beetles and how to treat fence posts. There will also be contests in estimating pulpwood and sawlogs.

V. W. Lovelace of the Mississippi State Forest Service is handling arrangements for the barbecue which is sponsored by South Mississippi banks, individuals, and companies interested in forestry. After the barbecue there will be a short afternoon program. One of the features of the Field Day will be presentation of the winner of the Mississippi Forestry Queen contest. Another feature of the afternoon program will be the introduction of local representatives of agencies who help farmers and small landowners practice in South Miss. and explanation of what each of these agencies does.

David Bruce, Southern Forestry Experiment Station, who is chairman of the arrangements committee stated that it was hoped that more residents of Hancock, Pearl River, Forrest, Perry, Greene, George, Stone, and Jackson Counties would attend this year since the Field Day is for all those interested in forestry in South Mississippi.

Mississippi Doctor To Be Honored Monday

Dr. Francis Michael Smith of Vicksburg, Mississippi, will be awarded a certificate of merit on September 29 by the University of Tennessee School of Medicine for his fifty years of medical service. Dr. Smith graduated in 1902 from the Memphis Hospital Medical College, now a part of the University of Tennessee. During those years you have given of your knowledge and ability to the service of those in the community in which you have practiced your profession. The people in your community have appreciated your effort and hold you in high esteem.

The University of Tennessee wishes to recognize the service which you have rendered. We invite you to be present at Commencement exercises, Monday, September 29, 1952, at 8 p. m., to receive a Certificate of Merit from the University of Tennessee. You are also invited to go on a sight-seeing trip of Memphis Monday morning and to be the guest of the University at a luncheon at noon. We sincerely hope that you can arrange to be present at this time.

Sincerely,
F. J. Montgomery

Medical and public health service is, in fact, a major interest of Dr. Smith's entire family. Mrs. Smith has been active in the medical auxiliary. Their son, Dr. F. M. Smith, Jr., is in private practice as a pediatrician in Louisiana. One daughter, Miss Cassie B. Smith, is Associate Director of Health Education for the State Board of Health. Their other daughter, Mrs. George W. Miller, was an employee of the State Board of Health prior to her marriage.

Dr. Smith is a member of the Fifty Year Medical Club of Mississippi. At a meeting this spring of the Izaak-Warren Medical Association, Dr. Felix J. Underwood, State Health Officer, presented the Fifty Year Club membership to his associate, Dr. Smith, and said: "I greatly appreciate the friendship, comradeship and cooperation of this splendid physician and Health Officer who has conducted his professional life from the beginning in a manner that has commanded high esteem, respect and admiration from his fellows and friends. . . . Doctor Smith has been a full-time Health Officer in Louisiana, Arkansas, and Mississippi for 31 years, and at all times has had the respect and cooperation of the medical profession, county and city officials, the personnel of the State Health Department and all others with whom he has come in contact."

Due to personal illness Dr. Smith will not be able to accept the invitation to be present at the com-

mencement exercises in September as was extended in the following letter:

"Dear Dr. Smith:
Fifty years have passed since you were graduated in 1902 from the Memphis Hospital Medical College, now a part of the University of Tennessee. Slash Pine Cones Needed By Foresters

Slash pine cones are beginning to mature. Area Forester Jack Stewart reports, and the Mississippi Forestry Commission needs thousands of bushels of cones to furnish seed for its two tree nurseries.

Mr. Stewart asks that all persons interested in collecting cones first contact him at Bay St. Louis for cone testing and gathering instructions and prices paid per bushel.

"It is necessary that collectors know how to test the new crop of pine cones for maturity," Stewart stated. "If immature cones are picked, they will not open and release their seeds."

When the big GMC over-the-highway truck and the small pickup, shown above, are loaded to capacity—there's 30,000 pounds difference in their weights.

Yet they are alike in a lot of important ways that make GMC light trucks tops in all-around service!

For GMC is the ONLY pickup truck with all five of the important features which most manufacturers reserve for their bigger, "heavy duty" vehicles.

They are: Tocco-Hardened crankshafts, full-floating piston pins, airplane-type main and rod bearings, rifle-drilled connecting rods and full-pressure lubrication all the way to the piston pins—things that increase the life of any truck.

But that's not all. We'll be glad to demonstrate how other features like "pillow action" springs and recirculating ball-bearing steering give GMC's a real "passenger-car ride." Come in and see firsthand the fine features that make GMC today's top buy in pickup, panel and stake rack trucks!

You may not approve of the age-old Catholic devotion to the Blessed Virgin.

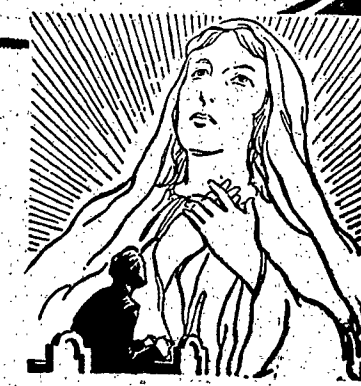

Perhaps you have heard—and believed—that this is "un-Scriptural"—that Catholics are trying to establish Mary as a divine person equal in power to God.

But if you will look at the facts, you will see that these things are not true—and you will realize that Mary can exert a wonderful influence in your personal life.

It certainly is not "un-Scriptural" to recognize that Mary is the Mother of Jesus Christ. If we are to be truly "Scriptural," we must further acknowledge that Christ is the eternal Son of the eternal Father—a Divine Person who assumed a human nature like ours in all things except sin. And while Mary did not give Jesus His divine nature, she was her Son—as truly as anyone is the son of his own mother.

In view of these truths, how can anyone look upon Mary as just another woman, or just another mother? Why should we hesitate to honor one whom God so greatly loved...and upon whom He conferred a surpassing holiness and complete freedom from sin? Why should we believe that one so close to the Son of God in His earthly life is not close and dear to Him in His eternal Kingdom?

It is erroneous, of course, to think that Catholics worship Mary as a divine person. But we do love and venerate her for the unique place she occupies in God's plan for our salvation...for her intimate association with the all-holy Son of God...for her own holiness. And you may say—why should we pray to Mary when we can pray directly to God, as the Scriptures command? The answer is that

Catholics do pray to God and they seek from him grace and forgiveness—for these are blessings which only God can grant. But there is no law of God which commands us, when we go to Him in prayer... that we must go alone.

Like St. Paul, we believe in praying for others and having others pray for us. And whose prayers could find greater favor in the sight of God than those of the Mother of His Divine Son?

These are the chief reasons for the world-wide Catholic devotion to the Blessed Virgin. These are the reasons why millions of people, in every land and every language, are heard to pray:

"Hail, Mary, full of grace the Lord is with thee; blessed art thou amongst women; and blessed is the fruit of thy womb, Jesus."

Free
The name of the Blessed Virgin is in the headlines these days...and people everywhere are discussing her place in Catholic devotion. We have prepared a special pamphlet dealing with Mary's place in the Christian creed and will send you a copy free of charge. Write today...ask for Pamphlet No. KC-24.

County Agent's Notes

CONTROL GRASSWORMS WITH SPRAY RIG

By HOWARD SIMMONS

SPRAYING AND DUSTING FOR GRASSWORMS

Cotton sprayers and dusters can be rigged for applying insecticides for control of grassworms.

All farmers who have pasture land, oats or other winter grazing crops should keep close watch for these worms. If grassworms get in permanent pasture grasses, they will cut them down and there will be no grazing until next year. In oat or other winter grazing crops, grassworms can destroy the bud of the plants and completely kill young plants.

For control use either DDT or toxaphene as a dust or spray. Apply as a dust 10 to 15 pounds of either 5 percent DDT or 20 percent toxaphene. For spraying use two pounds of technical toxaphene or one pound of technical DDT to the acre in an emulsion mixed with water.

To convert a cotton duster for applying grassworm poison, adjust spouts around 20 inches above the top of the grass to give overlapping of dust on the vegetation; select speed to give broadcast coverage; avoid dusting when the wind is blowing.

To use a cotton sprayer for grassworm control, space tips equal distance from the ground, or screw them into the spray boom; arrange tips 18 to 20 inches apart along the boom. Use No. 3 hollow-cone tips just as you do for cotton. Spray patterns from each tip should overlap the one next to it. Complete ground coverage is necessary.

Caution. Keep livestock of pastures 10 days to two weeks after poisoning.

COTTON REMINDERS
Grades. Keep cotton grades up. Here is how: 1. Pick cotton clean; pick it dry. 2. Keep cotton dry until it is ginned. 3.

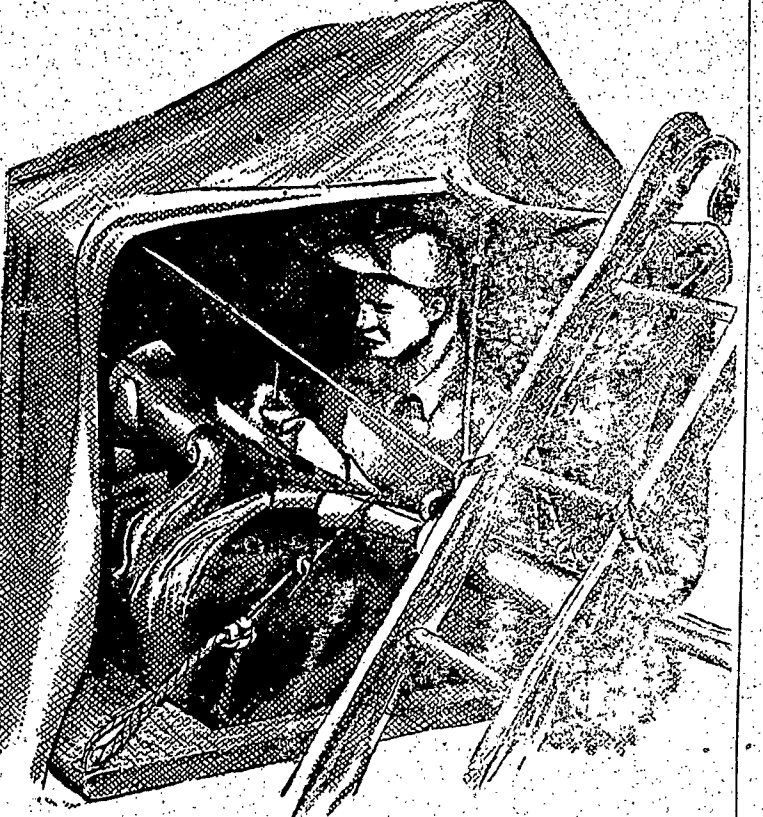

Never tramp trashy seed cotton. 4. Cooperate with your ginner for higher grades - if your cotton is wet or trashy tell him. By following these suggestions you may profit by an extra \$5.00 to \$15.00.

Saving seed for planting the 1953 cotton crop? If so, here's some good advice: Pick seed cotton from fields planted to purple tag or red tag certified seed; clean

out pick sacks, trailers and storage places to help keep seed cotton pure; get your trailer in gin line-up with farmers growing same variety of cotton; ask your ginner to help you save your seed pure after you have run through three to five bales of the same variety.

Marketing. How is your cotton marketing? Are you selling our putting in a loan? The best advice is to sell as long as you can get from eight to nine cents above the loan value.

Don't take your cotton home and store it under trees or on the ground. You have to pay warehouse charges anyway when you

CHANCERY SUMMONS

THE STATE OF MISSISSIPPI To Heirs at Law of Victoria Hicks, and any and all persons having or claiming any legal or equitable interest in and to the following described land, to-wit:

Beginning at an iron stake one inch in diameter which is at a point where the north line of Section 17, Twp. 9, S. R. 14, West, intersects the west line of the Clermont Harbor Road; thence S. 30 degrees E. 128.5 feet to a flat iron bar adjacent to a corner fence post, which is an old "cross-tie"; thence S. 75 degrees 45 ft. W. 343.2 feet to a flat iron bar by a corner fence post; thence N. 30 degrees 49 ft. W. 224.4 feet to a cypress cross-tie used as a fence post; thence easterly along a fence line 386 feet more or less to the place of beginning. Said land containing 1 - 310 acres, more or less, and being part of Lots 4 and 5, Division of the Victor Lachner Estate in Section 17, Twp. 9, S. R. 14 West, Hancock County, Mississippi.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State,

sell your cotton, so avoid losing 10 to 30 pounds of lint from weather damage. Put your cotton in a warehouse.

FIRE PREVENTION

Don't let fires eat up your pastures this fall. You know fire can destroy a lot of grass and stacked hay. This will further reduce the already short food supplies.

A good way to prevent fire in pastures is to get out and dust or plow fire lanes 16 to 20 feet wide between your pasture and any highway and between the pasture and any adjoining woods.

Use fire lanes to divide large pasture areas into smaller pastures to help control fire if it does get into your pasture land. It is also a good idea to plow around hay stacks.

on the Fourth, Monday of October A. D. 1952 to defend the suit No. 6346 in said Court of Mrs. Alice Zerr-Agregard.

The same being a suit to quiet and confirm complainant's title to said land above described wherein you are a defendant; and to place said Mrs. Alice Zerr-Agregard in possession of said property.

This 22nd day of September A. D. 1952.

When are YOU going to Drive America's REALLY NEW CAR?

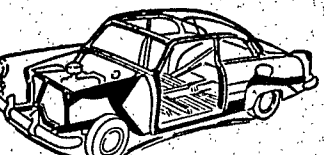

"The new Willys is a completely sensational car and all you have to do is drive one to prove that statement to yourself."

—MOTOR TREND MAGAZINE

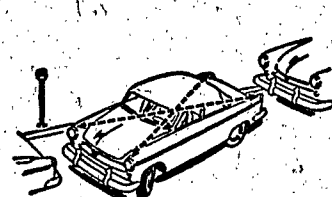

SIX ADULTS ride in roomy comfort with seating space just over 5 feet wide.

AERO-FRAME construction is more rigid, safer... guards against squeaks and rattles.

ONLY WILLYS rubber-cushions the drive system, engine to rear axle, for greater smoothness and quietness.

EASY TO PARK in smallest spaces... you see all four fenders from driver's seat.

TWO GREAT ENGINES Hurricane 6 in Aero-Ace and Aero-Wing Lightning 6 in Aero-Lark.

The Aero Willys is not just a new model—it is a completely new and revolutionary car!

NEW IN CONSTRUCTION... sturdy, long-lasting aero-frame construction... body and frame welded into one strong, rigid unit.

NEW IN STYLING... aerodynamically streamlined to lessen wind drag and noise, adding to mileage... down-swept hood and rear deck with air-fins let the driver see all four fenders.

NEW IN INTERIOR SPACIOUSNESS... more passenger room than most cars, even of much greater size... 61-inch-wide seating, front and rear.

NEW IN RIDING COMFORT... finer riding qualities than heretofore possible in its field... now attained in an economical, compact car... a ride challenging to motordom's finest.

Come in today and drive an Aero Willys.

Hendrick - Bertucci Wedding Held

Entering on the arm of her father, Miss Amelia May Bertucci was given in marriage to John Raymond Hendrick at Our Lady of the Gulf Catholic church Sunday, September 21, at 3:00 p. m.

Rev. Father Edward P. Desmond performed the double ring ceremony before an altar embellished with white chrysanthemums, gladioli and fern.

The bride, who is the daughter of Mr. and Mrs. William Bertucci, of Bay St. Louis, was attired in a patio length gown of white nylon net over taffeta made with a strapless bodice and full skirt. She wore a lace bolero with long sleeves ending in a point over her hands. Her short veil of illusion was held to the head with a spray of a colonial bouquet of the valley and fleur d'amour, centered with a white orchid.

The matron of honor, Mrs. Lucas Puche Jr., sister of the bride, wore a gown of white nylon net over taffeta made with strapless bodices, topped with a stole, and full skirts; they all wore purple shoes and sprays of purple asters in their hair. They carried old-fashioned bouquets of purple asters arranged in gold maline.

The flower girl, Mildred Church, wore a floor length gown of white net, fashioned similar to that worn by the bride, and carried a bouquet of white asters.

The bridegroom, who is the son of Mrs. R. J. Hendricks and the late Mr. Hendricks of Rock Island, Illinois, had as his best man Ray Hilliard of Keeler Field; his groomsmen were Lucas Puche, Jr., of Bay St. Louis and John Germ of Keeler Field. Ushers were Norman Tucker and Glenn Montgomery, both of Keeler Field.

Following the ceremony, a reception was held at the Knights of Columbus Hall where the bride and groom were assisted in receiving by Mrs. Bertucci who chose a black ensemble with black accessories and a fleur d'amour corsage for her daughter's wedding, and Mrs. Hendricks who wore a blue dress with black accessories and a fleur d'amour corsage.

The couple left on a honeymoon trip to Florida. For traveling the bride wore a gray suit with yellow accessories and a small grey hat trimmed with a yellow band. She wore an orchid corsage.

Upon their return they will be at home in the Engman cottage on Booker street.

The bride, a graduate of Bay High in the class of 1946, was employed at the Merchants Bank. The bridegroom, a radar instructor at Keeler Field, is a graduate of Rock Island high school.

LAKESHORE

MRS. MALCOLM B. GHEEN

The Parents Club of Gulfview School, Lakeshore, will sponsor a rumble supper and bingo, Saturday night, October 4, in the Gulfview lunchroom.

Supper will be served beginning at 8 o'clock and bingo will be played.

If anyone wishes to donate bingo prizes, cakes or food to help make this supper a success please contact Owen Seal, principal of Gulfview school.

In September of 1949, a small group of parents of Gulfview met and organized the Parents Club. Their purpose was to raise funds for special books, improvements, etc. Up to now the sum of \$1,173.21 has been spent on school equipment, Christmas parties and paying doctor bills for children injured on the school grounds and in school bus accidents.

This amount does not include what has been spent on food and soft drinks for ball games, and children's parties.

Don't forget the date, Saturday, October 4, Gulfview School.

Rev. Robert McNamee, pastor of the Lakeshore Baptist church, wishes to inform all our readers that the church has a used school bus now, and transportation will be furnished all wishing to attend services on Saturday evening and Sunday.

Eugene Jackson has arrived in Lakeshore on a 26-day furlough from Allbrook Field, Balboa Heights, Canal Zone. Mr. Jackson is a guest of his wife's parents, Mr. and Mrs. Glover Green.

Mr. and Mrs. Horace Garcia are making their home with his parents, Mr. and Mrs. Armand Garcia.

Mr. and Mrs. Howard Barthold of Gulfport spent the weekend visiting their daughter, Nora, and her parents, Mr. and Mrs. Ernest Carco.

Mrs. Lily Radovich has recovered from her recent illness.

Ronnie LaFontaine was ill last week.

The new postoffice is opened, complete with lock boxes.

Honored on Birthday
Richard Levy was honored with a party at his home on Highway Lane Tuesday night on the occasion of his birthday.

Guests attending were Dr. Mrs. A. P. Smith, Mrs. Beatrice Smith, Mr. and Mrs. Walter P. Rausch and Captain and Mrs. J. I. Tooker.

Baptized Sunday

Laurin Ann, infant daughter of W. O. and Mrs. A. G. Fayre Jr., was baptized Sunday, September 21, at Our Lady of the Gulf church by Rev. Father Edward P. Desmond.

Sponsors were her uncle and aunt, John Monti and Mrs. Charles Solanta.
